The Blue Planet Episode 1. Despite two-thirds of our planet being covered by water, the oceans and many of their inhabitants remain an unexplored mystery.

Blue Planet | BBC Earth | Shows | BBC Earth

Sir David Attenborough narrates this critically acclaimed series that dives deep into the marine environment of Planet Earth. Although two-thirds of the world's surface is covered with water, scientists know less about the oceans than they do about the surface of the moon. This limited series travels from various coasts to the poles to examine watery denizens ranging from the gigantic blue ...
