The government attempts to shape the business practices through both, directly and indirectly, implementing rules and regulations. The government most often directly influences organizations by establishing regulations, laws, and rules that dictate what organizations can and cannot do.

Relationship between Government and Business Organizations

Business exists to serve society. Over the past several decades, one of the great discussions within capitalism has centered on defining exactly what a business is and what its obligations are to society at large and to the many stakeholders participating in business systems, including customers, shareholders, employees, suppliers, and communities, to name a few.

Business and society in the coming decades

We are witnessing an historical moment when, rather than simply debating the role of government in the economy or the role of business in society, people are taking action to harness the power of business to solve society's greatest challenges. This reflects a major culture shift.
