Violence: Anthropological Approaches | Cultural Anthropology

Violence against women (VAW) is, collectively, violent acts that are primarily or exclusively committed against women. Sometimes considered a hate crime, [1] [2] [3] this type of violence targets a specific group with the victim's gender as a primary motive. This type of violence is gender-based, meaning that the acts of violence are committed against women expressly because they are women.

Violence Against Women | Cultural Anthropology

People, of course, are the central concern of anthropology. In this issue, our focus is on people and the ways that we live and die, with and by guns. Featured in this collection are fourteen articles and one book review culled from the publications of the American Anthropological Association.

Violence

violence research indicates that domestic violence and abuse has been developed as a method of establishing and maintaining control and power over a spouse. If a male threatens a female with physical violence and causes a female to fear for her safety, then the female is less likely to commit infidelity. Therefore,

Possible Anthropological Causes for Domestic Abuse | Marriage

February 15 was also World Anthropology Day. Again, from the post below in 2012: "I find myself also Looking for Anthropology. On the issue of gun violence, we have to make ourselves better. Anthropology could and should be at the leading edge of redefining who we are.

Gun Violence Anthropology: #GunReformNow on #AnthroDay

One of the hallmarks of the contemporary moment is a pervasive sense of the anarchic proliferation of, if not an actual increase in, nonstate as well as state-based violence throughout the world. Yet with few exceptions, violence has only in the past two or three decades become a topic of explicit concern among cultural anthropologists.

Violence - Anthropology - Oxford Bibliographies

Structural violence is particularly prominent in medical anthropology, including the anthropology of global health. It has been used to analyze a variety of topics, including but not limited to substance abuse, migrant health, child mortality, women's health, and infectious disease.

Definition and Examples of Structural Violence

THE CONTESTED CONCEPT OF VIOLENCE The Anthropology of Violence (1986a), edited by David Riches, attempts to capture what underlies the striking features of violence as a social and cul-tural resource. Why do people so easily resort to violence to achieve social objectives? Why are images of violence so culturally prominent, even in so-

In Living with Insecurity in a Brazilian Favela: Urban Violence and Daily Life, by R. Ben Penglase, we are presented with the other side of the coin. We read about the Rio of the hillsides, the Rio deprived of urban planning and public services, a Rio that, although, on the social margins, has the best views of this Marvelous City.
