ProForm Treadmill User Manuals

Since a manual treadmill belt will only move in response to your footstrike, they go as fast as you do. If you want to do sprints on a manual treadmill, there is no lag between when you hit a button and when the belt matches that pace. Just take off and the belt is right there with you. Want to slow down? Moderate your pace and the belt slows too.

This treadmill is the perfect size to put underneath your desk or to place at your standing desk so that you can exercise while you work. It allows you to conveniently maintain your healthy lifestyle and still fulfill your business obligations. Type memos and make phone calls as you walk.

Under Desk Walking Treadmill - Titan Fitness

Endurance's TF3i Treadmill packs high-quality exercise components into a relatively low-cost machine. However, it's only suitable for smaller users because of its short track length. Customers pay extra for portability. If portability isn't needed, then the regular TF3 Treadmill might be a better choice.
